Xeltonic™ is a new anti-aging nutritious beverage like no other developed for modern life style modification. Xeltonic™ is alcohol free with added trans-resveratrol, enzymes, antioxidants, and vitamins representing a novel solution to many common ailments encountered in particular by aging men and women.

Researchers conclude that alcohol impairs nutrient absorption. Alcohol consumption can be an issue in diabetes, high blood pressure, liver and allergies. Scientific Research supports that a phytonutrients-rich supplement and diet plays an important role in mitigating age related physical and mental declines.
